On Mac models without built-in Touch ID, you can complete your purchase using Apple Pay on your compatible iPhone or Apple Watch: On your iPhone, go to Settings > Wallet & Apple Pay and turn on Allow Payments on Mac.

¹ Make sure that you sign into iCloud on all your devices. On your iOS device, you need to set up Face ID, Touch ID, or a passcode. On your Apple Watch, you need to set up a passcode. If you sign out of iCloud or remove your passcode, all credit, debit, prepaid, transit, and student ID card will be removed from that device.

² If you're less than 13 years old, Apple Pay isn't available, and you can't add a card in the Wallet app. Age varies by country or region.
